

**Lighthouse of Oakland County  
2017 MEAP Grant**

**Grant Award:** \$200,000  
**Service Area:** Oakland County  
**Anticipated Reach:** 275 Households

Lighthouse of Oakland County (Lighthouse) is continuing its existing energy assistance program that is designed to a) identify the immediate crisis of potential disconnection, followed by an b) in-depth interview session to identify the source of the crisis, and then, c) develop a plan to prevent the crisis from reoccurring and assist the client to move toward self-sufficiency.

**Program Details**

- Intake process is approximately 75 minutes; basic information obtained and eligibility verified.
- In-depth assessment of personal and financial situation; financial education.
- Client is asked to commit a portion of their own funds toward resolving the crisis, if possible.
- Clients can receive assistance for each type of utility only once during the 12-month grant term.
- Clients will choose from a menu of financial workshops in which they will participate

**Additional Services**

- Transportation assistance, emergency food, personal needs items, diapers and baby food.
- Crisis Resolution Program
- Center for Working Families - Financial Coaching and Skill Building Workshops
- Senior Services Program
- Supportive Housing Program
